CLAY CITY, KY., THURSDAY JUNE 1, 1911.

NO. 22

The Hottest May.

The month of May just passed was the hottest on record in Central Kentucky for thirty-eight years. It has also been one of the driest Mays in many years. The drouth and heat so far have parched the young corn that is up into shoe strings, and grass is burning up, while young grass sown this spring, undoubtedly, is killed. Oats are now cut to half crops if ruin comes soon, otherwise, there will be little or no crop at all. Wheat is also greatly injured as is rye. Tobacco should be in the midst of setting but none so far has been set, and plant beds are being watered by some to keep them alive until rain may fall and give a season to set them. Altogether the outlook for farmers at this time is anything but encouraging from the point of growing crops.

Visits Frenchburg.

Rev. J. C. Hanley, President of the Stanton College, and some of his faculty are expected to visit Frenchburg School on Thursday and Friday of this week. Mr. Hanley will be asked to occupy the Thursday evening prayer meeting hour with a preaching service, after which an opportunity will be given to meet these friends in an informal way. A cordial invitation is extended to all who may wish to attend.—Frenchburg Agitator.

Take Care of the Soil.

A farm paper says: "Aside from the vicissitudes of the weather, practically all of the misfortunes that come to the farmer or his farm can be traced to the haste to secure the present dollar without providing for the future good of his soil. Take care of the soil and it will take care of you, and any other method is a downhill pull."

School House to Be Sold.

The school house about two miles south of this city near the bridge will be sold Monday, June 5th to satisfy a debt of about \$250 held by Dr. J. E. Lemming. This house was built about twenty years ago and a district tax levy voted to pay for the same. The taxpayers claim they have paid in enough money to settle the debt, but for some cause or other the money has never reached the proper creditor. It seems he has been very patient to wait so long for his money and now it is doubtful if the house will bring enough to pay off much over half the judgment. A new school house will now have to be built in this district or the old one bid in by the Board of Education which will likely be done.

Louisville Boosters Here.

Louisville's delegation of business men swooped down upon us Thursday loading us with souvenirs and literature. They received a warm welcome and paid a high tribute to Clay City. We have always been for Kentucky cities and for Kentucky trade, and was unusually glad to see them come our way and try to stir up some of the boys who are not that way.

The Same Here.

Senator Thos. H. Paynter was here Saturday mingling with friends. The Senator is much stronger here than he was some time ago as the ill advised attacks of Hon. Ollie Jamas have reacted and made friends for Paynter.—Winchester Democrat.

The prevailing drouth has sent wheat prices away up and of course flour will soon be soaring high too.

Raise Reduced.

The tentative raise of 10 per cent. on the taxable property of Powell county made by the State Board of Equalization, was finally reduced to 5 per cent. under the arguments produced by the committee from this county composed of Judge Hardwick and another taxpayer of the county who went to Frankfort April 28 to appear before the Board. The raise last year was 20 per cent. And notwithstanding the loss of 3000 acres of land in our last year's assessment which was hard evidence to overcome besides some other errors that were committed, the committee from this county succeeded in showing the Board of the unjustness of a raise coming as it does, when so many of our river bottom farmers have made half crops for the past five years.

Tobacco Trust Loses Case.

The American Tobacco Company and its accessories and subordinate corporations and companies, including the English corporation, were held by the Supreme Court of the United States to be co-operators in a combination illegal under the Sherman anti-trust law. The court sent the case back to the lower court with directions to hear further the parties so as to ascertain whether a new condition can be created in harmony with the law. Justice Harlan concurred in part with the court's opinion and dissented in part.

The Poor Man and Good Roads.

It has always seemed strange to us that the poor man should object to increased taxation for better roads. Good roads are the best friends that the poor man can have, and the cost of their construction is comparatively nothing to him, as it is the rich man and large taxpayer who have to bear the real cost of road improvement; and if such are willing to contribute of their substance the dollars, then poor men should willingly join hands by contributing their cents.—La-grange Era.

Killing in Estill.

Near Irvine Monday Owen Tyree, 40 years old, was shot and killed by Dillard Dunaway, a lad of 19. Dunaway went to Irvine, where he surrendered and was locked up, though he could have given bail, but preferred being in jail till his trial came up which was set for yesterday. Tyree is a brother to Mrs. Henry Sons of this city. This is the first killing for three years in Estill county.

Quits Telephone Company.

With the exception of probably a dozen men the retail merchants of Paducah agreed to discard the East Tennessee Telephone Company's telephones by June 1, and those who did not enter the agreement are expected to do so by then. It is another step in the 'phone war.

The weather conditions are now such that the straw hat market is firmer and the demand increasing.

Why Should Kentucky be Behind.

In speaking of his early days, Uncle Joe Cannon says: "I was born in North Carolina and when four years old, in the arms of my mother, I was moved over the mountains. The family went to the Wabash, and my good old mother never ceased mourning for the magnificent climate of North Carolina. My father, when a young man, helped to found a college down near Greensboro. A few years ago I accepted an invitation to attend its commencement, and I went around with Professor Hobbs through the section of country in the vicinity of Greensboro.

I visited the old farm where I was born and found there every evidence of prosperity and thrift. As I remembered the place, it was crossed by deep gullies and was not good for much. I asked the farmer how he got the land into such a prosperous state. He replied that he begun by throwing a dam across each gully so that the dirt washed in and leveled up the land. Then he found the use of clover and cowpeas, and improved the land so that while he had paid only \$10 an acre for it a few years before, he had, within a few days, refused \$50 an acre. I was amazed at the evidences of progress on every side, and if I had been taken into Greensboro blindfolded I would have remarked, 'How marvelously has the city of Peoria, or the city of Quincy, improved. Renaissance in agriculture is not only going on in New York and New England but it is going on in the South.

Is Kentucky behind all the other states in progress when it comes to the upbuilding of our soil?

Change in L. & E. Time Table.

The Lexington and Eastern has made another slight change in their time table. By the change the west bound train in the morning arrives here at 7:19 instead of 7:15; and the afternoon east bound train arrives here at 3:55 instead of 2:38. The change was made Sunday and is of much greater convenience to travel going to Winchester and Lexington than formerly as it gives them twenty-seven minutes longer to stay at these points in the afternoon.

Elder J. T. Tarpin filled his stand at Powell's Valley Saturday and Sunday. He has accepted the call there again and will attend the church regularly preaching on each fourth Saturday and Sunday following.

Deputy Sheriff J. M. Welch was here Monday serving summonses on the boys to have them appear before Circuit Court the third Monday in this month.

Dr. Martin reports the birth of a son to Mr. and Mrs. John W. Mize, of Vaughn's Mill the 29th of May.

Master Reese Fox, of Winchester, is with his grandparents, Mr. and Mrs. James A. Fox.

A light rain fell here yesterday afternoon.

Republicans Trespassing.
The popularity of the Democratic party with the people has stirred our Republican brethren from center to circumference and everywhere are they adopting Democratic principles, until many candidates are putting forth platforms identical with the Democrats. The question now is, why this sudden change. Is it because they are truly converted or is it to get votes? If they are really changed, why remain with the g. o. p. while there are yet so many standpaters in that party, and enough in fact to block the good work they propose, so they must at last get and from the Democrats to accomplish anything. In many instances the Times is inclined to believe that the object is just to get votes. We say good, where these Republicans are sincere, but shame where they are playing with the people for their votes.

The people will have no doubt of the Democrats' sincerity and if they expect any real reforms let them support that party. Of course you will occasionally find a traitor in the camp, but the same is never indorsed but speedily turned out.

The Paris assistant bank cashier who committed suicide rather than face a shortage of \$40,000 which he knew was coming as the examination of the bank, which was begun, proceeded, probably had a greater respect for justice and the feelings of those who would suffer than the law has.

John D. Rockefeller made his tax returns on personal property at his Forest Hill mansion, listing his personal possessions at only \$1,000. Last year they were returned at \$5,100. Begun re-cremations early after the recent adverse decision of the Supreme court in the Standard Oil case.

Vaughn's Mill.

Wm. Davis, Jr. sold a nice mill Saturday for \$100.

Several of the young girls of lower Hardwick's Creek were invited to Mr. Crowe's Saturday night. The invitation was accepted.

Mrs. Mary McKinney, Miss Nancie Bush and Mr. Grover Barnett, from Winchester, were visiting friends and relatives on Hardwick's Creek Saturday and Sunday.

As there was no meeting on Hardwick's Creek Sunday, the people came to Sunday school making the attendance larger than usual. Some new songs were practiced. We give the thanks to Mr. Estes and G. W. Baker, the song leaders, for the success of this singing.

Asa Todd spent a few days the last of the week near Winchester with his mother, Mrs. Nannie McKinney, who has been quite sick, but is now much improved. His sister, Mrs. Henry Wiseman, also of Clark county, has been very sick but is better at this time.

Virden.

O. C. Curtis went to Indian Fields Tuesday on business.

Several from here attended church at Powell's Valley Sunday.

Lee McPherson bought one 2-yr.-old heifer of T. S. Curtis for \$25.

Lee McPherson of Snow Creek neighborhood was here Monday on business.

We are having plenty of dry, hot weather, gardens and crops of all kinds are suffering for rain.

Tuesday was Decoration day. There was a big crowd here from different parts of the country to pay respect to the dead.

Clay Clemons has got impatient waiting for rain and has gone to packing water from the creek and watering his plant bed.

T. B. Ware and Killis hit a streak of luck Monday. Found a bee tree and cut it, they got a fine lot of honey and saved the bees.

Monday while Mr. Killis Ware was working up near the Pilot Knob he came in contact with a very large rattle snake brave as a lion. He killed the snake which had 8 rattles and measured 4 feet 6 in. There has been three or four of these snakes killed in the last four years up on the head of Brush creek.

FREE Your Organ

30 DAYS TRIAL
NOT ONE RED CENT IN ADVANCE.

From My Factory Direct to you, saves \$35 to \$50. I'll prove this beyond the shadow of a doubt if you will let me ship you one of my Adler Organs on free trial.

I prove every statement I make before you buy—if I don't, ship my organ back at my expense.

I'll Trust You

MIDDLEMEN WIPED AWAY

I've busted the hot air bubble of the dealers, agents and middlemen of this country by selling direct to the homes at the same price they formerly paid me for my organs.

SEND ME YOUR NAME

whether you want to buy or not and I'll send you free of charge and postpaid the most wonderful organ book and buying plans you ever saw. All the organs in this country claim they make the best organ but do not give you any proof. I do, and here is the proof. I own my own timber lands, saw mills, dry kilns and factory. I do not have to pay one penny of profit for lumber or milling. The profits that other manufacturers pay to lumber and saw mills, I put into my Adler Organs. (The Nightingale of Organs). That's the reason my organ is better than any other make. Another proof! I guarantee my organs for 50 years, whereas others guarantee theirs for 10 to 12 years. Don't this mean something? My selling plans are the fairest, simplest, safest and easiest ever placed before the American public. In that I grant my customers all the time they want, arrange their payments as it suits their income and circumstances, give them reasonable extensions of time if they can't meet their payments and charge them no interest. Ask some of your neighbors who don't with me about this. That's the best proof you can get. I would just as soon give you \$1,000 in gold if you can duplicate this proposition.

MY ORGAN (THE NIGHTINGALE OF ORGANS)

has a tone nearest to the human voice, a pure singing tone that lasts a life time and it won the highest prize at the St. Louis World's Fair, another proof my organs are the best. Everybody is buying an organ these days and everybody is buying an Adler on account of its high quality, wearing qualities, its sound reputation. I am selling them far less than dealers and agents are selling cheaper grade organs and when you stop to think and realize that when you buy from one of these middlemen you must pay his profit, time, salesman's salaries, store rents and other expenses, my offer means a whole lot to you before you see the king of money savers. My world's greatest organ factory is working day and night, grinding out the organs ordered, and this condition was brought about by the fair and liberal treatment I handed out to my customers, now numbering over 75,000. Whenever I sell an Adler, it sells a dozen more and soon indefinitely. They've stood the test and always will. Quality always wins out.

75,000 ADLER OWNERS SAVED \$2,625,000

Before I sold direct to the homes at wholesale factory prices, as I am doing now exclusively, I used to sell to dealers only, but when I found out that they sold my organs for twice and three times as much as they paid me, making the poor people bleed for it, I was then very sorry. I sent out thousands of notices telling them they couldn't buy another organ from me, that I was going to sell direct to the homes, saving them the enormous, unreasonable profits and expenses they were charging them. This came to them as a thunderbolt from a clear sky. In round numbers I've saved my customers (over 75,000 of them) at least \$2,625,000, all of which would have gone to the dealers had I sold the organs through them. You surely appreciate what this means.

Your Piano

to simply this, I will ship you, on 30 days free trial, an organ you want, on any reasonable terms you may suggest, just as it suits your income and circumstances. If you keep it at the end of the trial period, which I know you will, you can pay all cash or a small sum down and the balance monthly, quarterly, semi-annually or any other reasonable way. If at any time you can't meet a payment when it's due, I'll gladly give you a reasonable extension of time. You shall not inconvenience yourself by buying an Adler, for I'm going to make it the easiest purchase you ever made. I'll charge you no interest as other organ men are doing. If you don't keep my organ because it's not as represented, you can ship it back at my expense and I'll pay you every cent you paid for freight, as you will lose absolutely nothing. Furthermore, it at any time within a year, my organ does not hold up to every claim I made, you can ship it back at my expense and I'll return to you every dollar of the purchase price with 6 per cent. interest and all freight paid. I can agree to do this because I know how my organs are made and positively know they always make good.

NOW MY PROPOSITION TO YOU

My Piano Offer--The Greatest

My high grade world's famous Adler Southern Concert Grand Piano can be had direct from my factory on the same liberal buying plans as applied to my Adler Organs. In tone, excellence, workmanship, material and finish they have no superior, if on equal, and, I can save you \$100 to \$150. 50 YEAR GUARANTEE

I guarantee all my organs for 50 years, something no other organ men will do.
